

Mercer-Sanchez Scholarship Program

The lives of Bud Mercer and Frank Sanchez exemplify successful careers in dance and the performing arts while upholding commitments to character, hard work, love of family and community, and the future of young boys with a passion for performing.

The North County Dance and Performing Arts foundation generously facilitates this scholarship program so that these gentlemen are honored and their inspiration is passed to eager young male dancers in the most effective way: through strong technical training and pre-professional performance opportunities.

You may make a tax-deductible contribution to the Mercer-Sanchez Scholarship fund and be a part of this exciting program! Your funds will go 100% toward the tuition of such a child.

This Scholarship fund requires recipients to register for three classes per week in these specific fields of study: Ballet, Tap and Jazz. We believe that for a successful career in dance, these fundamental styles are absolutely necessary. Tuition for this level of study is \$144 per month. Donors can contribute in any amount they wish.

Thank You!
